Dear Member

Our first Hinterland Photo Club Meeting for 2010 will be held on Thursday 18th February commencing at 6.30pm although members are reminded to be at the Clubhouse early to help with the setting up and to have their competition photos ready for showing before the meeting commences.

There are a number of issues which I need to point out for this February Meeting.

Election of Office Bearers

As you would recall the current Committee were elected at the October 2009 Annual General Meeting. However, they did indicate at that time that they would undertake the role until the February 2010 meeting. At its recent meeting the Committee members have decided to continue in their roles unless somebody else wishes to put their hand up for a position.

So if any member wishes to perform one of the Executive Committee roles there will be nomination forms available for this meeting but in the absence of a taker the existing Committee members

are willing to continue in their respective roles.

In addition the positions of Publicity Officer and Event's Co-ordinator are vacant and the existing committee are of the view that these positions not be filled but their duties be absorbed into the remaining positions.

Membership Fees

Members are reminded that membership fees are due for this year. Fees are unchanged at \$26 for a single and \$36 for a family.

The Club's Constitution deems members to be financial up until 31st December. So unless payment has been made beforehand members will not be currently financial.

You can see Hugh at the February meeting for payment.

February Photo Competition

The February Photo competition will have an open theme and pictures can be either submitted in print or digital format. The only stipulation is that the pictures submitted should have been taken since our last meeting in November.

*Members also reminded that the club has introduced a two tier structure for our photo competitions - **Member or Advanced**. You are also reminded that it is based on self assessment.*

The Hinterland Photo Club - 2010 Calendar

The Committee have been working on a calendar for the first half of 2010 which is produced below. Some of aspects of the calendar are tentative at this point in time but we will keep you up to date as we proceed.

If any member has any particular topic or aspect of photography they would like to see incorporated into the calendar please let either Brad, Andrew, Hugh or myself know and we will endeavour to incorporate that in.

As you can see we are having Wayne Ellis to our first meeting. Wayne specialises in bird photography using multiple flash. We plan to also have a practical workshop using multiple flash at the February meeting.

We also encourage you to bring your cameras along for this and future meetings.

So looking forward to seeing you at our first meeting for 2010.

Regards

Brian Baulk
Secretary
Hinterland Photo Club
